## Vision Statement

The Blackstone-Millville School District embodies an appreciation of life-long learning; excellence in individual and educational programs; and shared accountability among students, staff, parents and citizens of the community. Everyone works together in an environment founded upon trust, integrity, fairness, open-communication and the belief that all individuals can learn.

## Core Values

### Academic Standards and Expectations

Our school community believes that all students can learn and meet high standards while realizing that some students must overcome significant barriers.

### Leadership

All leaders, formal and informal, should proactively seek areas of improvement and develop and research options and propose solutions.

### Teaching and Professional Development

Teacher effectiveness is based on deep content knowledge and instructional skills and ongoing professional growth.

### Climate and Learning Environment

The school has a safe, healthy and intellectually stimulating learning environment. Our school climate fosters positive character traits.

### Family and Community

There is a sense that all have a responsibility to educate students. Positive conditions which address the whole child including the physical, social, and emotional needs of students.

### Collaboration and Communication

Everybody is involved and connected to each other, including parents and members of the community in working together to identify problems and work on solutions. Communication should be timely and contain appropriate information for the audience.
