

## BLACKSTONE - MILLVILLE REGIONAL SCHOOL DISTRICT

*School Choice is a state program, which allows Massachusetts school districts to accept students from other Massachusetts cities and towns. This is an optional program as not all cities and towns participate. The School Choice program allows parents to send their children to schools in communities other than the city or town in which they reside. Tuition is paid by the sending district to the receiving district. Districts may elect not to enroll school choice students if space is not available. Access to a school choice application or inclusion of a particular grade or grade(s) on the application does not guarantee space will be available at a particular school, in a particular grade or both. Per Massachusetts General Law, "children cannot be enrolled in a school outside the city or town of residence unless they have gone through the school choice process". On May 8, 2018, the Blackstone-Millville Regional School District voted to accept school choice for all grades for the 2018-2019 school year.*

Please complete the information indicated on the application form and return the completed application to:

Office of the Superintendent of Schools  
Blackstone-Millville Regional School District  
175 Lincoln Street  
Blackstone, MA 01504

**Please mark the envelope "School Choice Application".**

Once applications have been processed, individuals may be required to interview with the building administrator.

All applications will be date stamped upon receipt. In the event more applications are received than may be accommodated at any grade level, a lottery will be conducted to determine who is accepted.

***All applicants will be notified by mail of their acceptance or denial as a school choice student.***
