SUPERINTENDENT OF SCHOOLS

X2 PARENT PORTAL

You are invited to participate in the Parent Portal, a joint effort of the BMRSD Technology Department, the Blackstone-Millville Regional High School and the Frederick W. Hartnett Middle School. The student information system that we use, called X2 and produced by the X2 Development Corporation, has many features that support attendance, scheduling and report cards as well as serving as storage of demographic data on students and staff. X2 is an on-line application that has the capability of allowing parents to log on using their own family account so they can view various modules within the X2 database that pertain to their child(ren).

After signing up, you will receive a family username and password along with directions on how to access the X2 portal.

Please submit the form to the principal's office of your child's school (HS or MS); only one form per family is needed. Also, please contact the office with any questions you may have.
