Math Assessment	Fall Winter Spring	Fall Winter Spring	Fall Winter Spring	Fall Winter Spring	Fall Winter Spring	Fall Winter Spring	Sept 30 <sup>th</sup> Jan 30th June 5th

- Assessments are used to determine what a child knows, to inform instruction, to place a child in an appropriate group, to track an individual child's progress over time and to compare results from class to class and school to school.
- Do not give additional prompts or use supportive language to assist the child. *Only when the assessments are administered under the same conditions can comparisons and determinations be made.*
- All assessments will be administered and analyzed by teachers, documented on Class Summary sheets and submitted to the office by the due dates.
