

HOW DOES

Secure Deposits. Interactive Menus. Nutrition Information

WORK:

BMRSD has adopted NUTRIKIDS in all of our schools. The debit system allows for prepayment of meals. However, if you choose not to take advantage of the online prepayment service you may continue to make advance payments via check, which should be made payable to BMRSD. We also accept cash.

Students may use the money on account to purchase breakfast, lunch & snacks.

Information for Elementary Students:

- Cashiers will identify elementary students by homeroom or name.

When the student arrives at the cashier, the student's account is displayed on the computer screen, this screen includes a picture of the student and other information such as any food allergies. With the strike of a few keys, the student's meal is deducted from the balance of prepaid meals or the screen indicates that cash payment is needed.

Students receiving Free & Reduced Meal Benefits:

If your child is receiving free meal benefits, it is noted in the system and you do not have to do anything. Students receiving reduced meal benefits you may prepay costs of .30 for breakfast & .40 for lunch as shown above.

Low Balances/ Charging:

It is the district's expectation that all meals are paid for at the time of service. Our many options of payments will lessen student's needs to charge meals.

If you are using the on-line payment system it has the ability to generate a low balance email direct to you.

If your child does charge our policy is:

- Elementary- Students may charge up to three meals then they will be offered a cheese sandwich lunch
- STUDENTS MAY NOT CHARGE SNACKS IF THEY HAVE A NEGATIVE BALANCE
