

BLACKSTONE-MILLVILLE REGIONAL SCHOOL DISTRICT

WEB SITE PROCEDURES

1. **District Website.** The District will establish a Website and develop and maintain Webpages. This District site will provide information about the District and its schools. The District will designate a webmaster(s) responsible for maintaining the website.
2. **Teacher created webpages.** Teachers may create their own websites for class use, with approval of the webmaster(s). They will reside on District servers in order to be linked from the District homepage. Questions regarding acceptable material for teacher webpages should be directed to the District webmaster(s).
The following guidelines should be adhered to regarding pictures of students:
 - a.) No captions to identify specific students are allowed.
 - b.) Articles featuring individual students, with pictures, require a waiver.
3. **Individual student created webpages.** The District will not host student created webpages on an individual, personal basis.
4. **Extra-curricular Organization webpages/information.** Any school related organization that would like to have pertinent data about their group represented on the District webpage should contact the webmaster. Organizations who have off-site webpages and who want to be linked from the District homepage should contact the webmaster.
5. The Webmaster(s) may be contacted via the District webpage (www.bmrtd.net) or by contacting the Director of Technology.
